

Design and Deliver Learning and Performance Podcasts for National Institute of Corrections

| | |
|-----------------|---|
| Project Title | Design and Deliver Learning and Performance Podcasts for National Institute of Corrections |
| Project Summary | Design and develop a series (5-7) of 5-10 minute podcasts around Learning and Performance subject matter for the National Institute of Corrections website. |
| Country | United States |

Project Description

Student will design and deliver a series of podcasts (9 to 12) based on subject matter provided by National Institute of Corrections Academy staff. The subject matter will be based on the science of workplace learning and performance. Podcasts will be 5-10 minutes in length and design will be based on workplace learning research and training podcasts best practices. Podcasts will be delivered in MP3 format and all audio will be transcribed for Section 508 compliance. Number of podcasts will depend on one semester or two semester commitment.
